

GUARDIAN SYSTEM

The LMT™Guardian 10.5" / 268 mm rifle is used by Special Forces and law enforcement agencies world wide. It's a small package that delivers superb accuracy and great maneuverability in and out of vehicles, buildings and water vessels. The weapon also includes our SOPMOD stock and tactical rear sight which was developed for the Special Operations Community.

The LMT developed SOPMOD stock, currently in use across the US Armed Forces, has integrated battery storage tubes and a replaceable rubber pad for a non-slip grip against body armor and web gear. The improved cheek weld promotes instant sight alignment and more comfortable shooting. The LMT™Guardian is a modern carbine designated for military and police use. The basis for this rifle is a battle proven design in use around the world.

MODEL:	Guardian 10.5" / 268 mm Rifle
CALIBER:	5.56 x 45 NATO
